

Family Tracing

This program of The Salvation Army assists the inquirer to locate a family member so contact may be renewed or established.

Applicants are required to complete an inquiry form, which can be obtained by contacting 613-241-1573, ext. 300 or you may download it from <http://salvationist.ca/departments/social-services/family-tracing/>

Memorial Services

As a means of offering continuing care to a shelter client who has passed away, we often provide memorial services to honor and remember them as well as to comfort loved ones.

For services or inquiries:

Lori Pinksen (Major)
Director of Spiritual Care
Tel: (613) 241-1573 ext 275
Fax: (613) 241-2818
lori_pinksen@saobc.org

Mission Statement

Motivated by Christ-like values and beliefs, The Salvation Army Ottawa Booth Centre provides effective, client-centered programs and services, which respond to the physical, emotional, and spiritual needs of all who come within our sphere of influence.

Spiritual Care

A vital support to all of our various programs and services is spiritual care.

Spiritual care offers spiritual and emotional support that acknowledges each person's need for healing, growth, and self-fulfillment, and responds with compassion, inclusiveness and professionalism.

Spiritual care assists individuals in identifying their needs and encouraging personal empowerment by offering spiritual advice, guidance, and counselling, for the purpose of developing positive and healthy lifestyles.

Chaplaincy Services

Chaplains are trained to assist individuals to identify, affirm, and use their own spiritual and religious beliefs, human values and faith to support, sustain and inform them in times of crisis, need or recovery. The Salvation Army Chaplain will discern a client's beliefs and values and plan appropriate action to support spiritual growth and life transformation. Well-trained chaplains, who know and understand their role and field of ministry, bring the discipline of theology and spiritual care to the client and to the staff team in each Salvation Army ministry unit.

Individual, confidential spiritual care counselling sessions are offered freely to clients and staff for added support, prayer, spiritual resources and referral to agencies and services.

The Corrections Chaplain is available to all who are involved in court proceedings by offering compassionate support.

Chapel Services

Monday-Friday at 8:30am
Chapels are generally 15 minutes long and offer encouragement, motivation, inspiration, hope, resilience, and spiritual connection.

Sunday Worship

11am and 6pm

Church groups are invited to participate in evening worship services by providing music.
Please contact 613-241-1573 ext 300.

Spirituality Classes

Explore personal beliefs and values and discover how faith is a transformational aspect of healing and perspective. Spirituality classes are part of the curriculum for clients in Stabilization, Anchorage and Residential Life Skills programs.

Client Hospitality

Frequently, we welcome clients into the chapel for a time of socialization, and also for a time of quiet reflection and prayer.
